Previous Abandonment

Sir or Madam:

Attached please find copies of a fax sent in 2005 by the Applicant in an attempt to document the fact that the instant application was expressly abandoned before the first office action. The fax appears to be missing from the file.

Michael Cammarratta of BSKB has advised us that there is no point in moving forward with the prosecution of this application because any patent we obtain would be worthless. I am writing to request that you recognize the previously submitted request for express abandonment. Unfortunately, I do not have a copy of that document.

Respectfully submitted,

FILE WRAPPER REVIEW

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

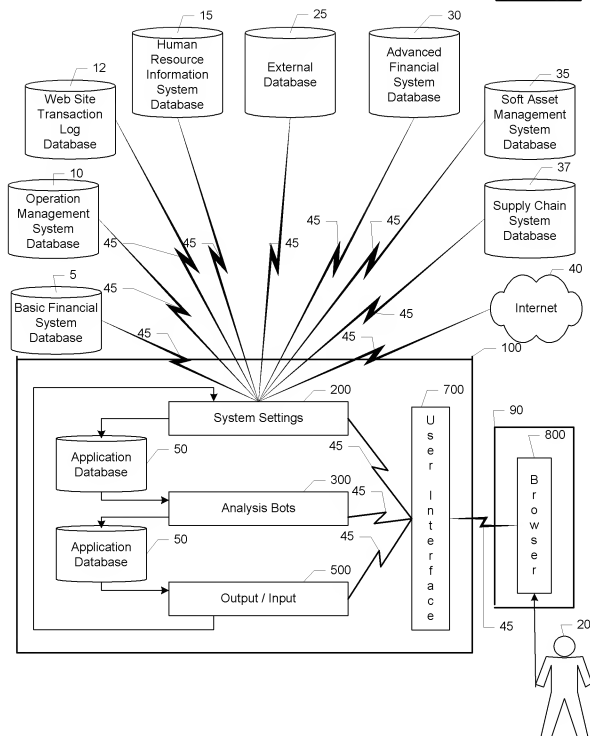

A review of the recently obtained certified file wrapper for 09/688,982 reveals that it appears to be missing 3 drawings. A copy of these 3 drawings are attached hereto along with a copy of the return receipt postcard showing that the drawings were received at the U.S.P.T.O. in an express mail package sent on March 5, 2004. The review of the file wrapper also indicated that a request for express abandonment of this application may also be missing. An assignment of this application will be effective next week. If you require additional information before adding the drawings to the file wrapper, please provide a written communication identifying any additional information you may need that I can forward to the assignee.

Respectfully submitted,
